

## About Us

Embraced by one of the world's greatest rivers, Zambia is a largely untamed land of bountiful natural wonders, diverse cultural experiences and amazing landscapes. Outside of the bustling capital city Lusaka, Zambia boasts world-renowned game reserves, an abundance of rivers and forests, and hundreds of waterfalls including the world-famous Victoria Falls, locally called Mosi-oa-Tunya or the 'smoke that thunders.' For travellers willing to explore beyond the better-known tourist hotspots lie hidden gems waiting to be discovered. Easily accessible by land or air, Zambia is acknowledged as one of the world's safest destinations and has remained open and accessible throughout the COVID-19 pandemic.

The Wild Life Africa and Tulukani Adventures have teamed up to bring a refreshing opportunity for truly unique and memorable travel through Zambia. Our packages are designed to showcase the beauty, culture, and people off the beaten track of the traditional safari tourism circuit, and to appeal to travellers who are looking for immersive experiences that leave them with new perspectives. Our itineraries have been curated to offer a mix of guided and independent travel including safari, adventure and cultural engagements that are perfect for individuals, couples or families with children (recommended 7 years and up). Programmes can easily be customized to particular interests should you wish to replace any of the suggested activities.

Tulukani, your hosts on this guided self-drive adventure, have been exploring Zambia for 9 years while offering adventure tourism and conservation education to the local Zambian market. The Wild Life Africa has supplied fully equipped and well-maintained 4x4 vehicles to intrepid explorers from all corners of the world since 2017, and has a wealth of knowledge of unique locations off the common tourism circuits.

Together, they are confident that these packages will give you a new perspective on immersive, responsible travel and leave you with a sense of wonder by the wealth of natural beauty, fascinating cultures, and lovely people of Zambia.
